Valuation Research Group

<http://www.vrg.net/>

We are pleased to inform that Tanizawa Sogo Appraisal have has become a member of Valuation Research Group (VRG) on August 2017, and attended the annual meeting in Brazil on October.

The VRG affiliate network serves clients across North America, Europe, Asia and Pacific. We provide a wide range of services including real estate valuation, machinery equipment valuation, intangible asset valuation, business valuation.

Valuation Research Group (VRG) provides quality valuations and value-related services for the U.S. and international business communities. Our global network consisting of over 1,000 professionals, has an established reputation for providing expert and independent opinions of value for business enterprises, intangible assets, real estate, and personal property. Collectively, our professionals have served clients in more than 60 countries.

Multinational engagements are managed locally by a single point of contact and executed by professionals located in the respective countries. Our valuation specialists have intimate knowledge of local economies, languages, cultures, and legislative frameworks. We understand U.S. GAAP requirements, as well as the tax and financial reporting requirements specific to a particular country. Our professionals have superior management skills, providing clients with deliverables within the required time frames.

We will continue to provide some news on VRG and our services.
